

WELCOME TO ROSE PARK

A PERSONAL CONNECTION

RENAISSANCE CARE

Feel completely at home

Welcome to Rosepark Care Home, a compassionate home filled with fun and laughter.

Situated in the lively community of Uddingston, Rosepark boasts 58 pretty, spacious en-suite bedrooms, designed for people-centred care, residential and nursing support.

Our expert team are passionate about providing a happy, nurturing environment in which residents can thrive. We're proud to have created an extended-family feeling, where our residents and their loved ones are welcomed with warmth and positivity.

Rosepark residents are at the very heart of their care plans and collaborate with friends and family to formulate a personalised plan to ensure every individual lives a fulfilling life at Rosepark. This bespoke care, lifestyle support and uniquely friendly atmosphere ensure we meet all our resident's needs – wellbeing, social and health.

We'd love to welcome you at Rosepark so you can experience the difference for yourself.

Cosy, companionable and colourful

We know how important it is to residents to make their own decisions, so we offer choices and options in all aspects of their life. At Rosepark residents can spend time in their own personal space or mingle in open-plan social areas. All Rosepark's bedrooms vary in size and style – several are couple-friendly and many enjoy views over the colourful, sensory garden.

Creating an individual look and feel is encouraged. We can create a home-from-home feel by furnishing rooms with resident's favourite furniture and prized possessions. Alternatively, our team love to create the perfect room ahead of a resident's arrival.

The wide, accessible corridors and communal areas offer space and comfort, perfect for spending time with loved ones or making new friends with shared hobbies and interests. It's always a pleasure to watch new relationships grow and friendships form.

We respect and promote every resident's choice and independence – and whether they spend time socially or solo, we're always on hand to provide refreshments and social engagement.

“I feel safe at Rosepark
and respected. I get on
well with staff and we
often have a good laugh.”

Knowledgeable care

Our highly skilled Rosepark staff are trained to deliver the very best nursing care with a person-centred approach.

We focus on an individual's wellbeing as well as their clinical care needs, and we understand the importance of supporting resident's lifestyle choices.

Continuous training equips our team with the skill, knowledge and confidence to work with residents with complex and specific care needs. We encourage inclusivity and promote an 'every voice is heard' approach, to ensure we continually learn and evolve, adapting to the changing needs of our people.

Wellbeing and lifestyle

We know that participating in stimulating activity promotes positive physical and mental wellbeing for our residents. That's why we host a wide range of optional activities and events for residents and their families. Our residents play an active role in creating our events programme, based on their passions and preferences. This includes outings, social events and all kinds of one-to-one activities.

Rosepark is happily connected to the local community. A wide variety of initiatives – including intergenerational programmes – help Rosepark to stay at the very heart of Uddingston life.

This happy and relaxed atmosphere can be enjoyed throughout Rosepark and extends to a host of additional facilities including:

- **In-house hair and beauty salon**
- **On-site resident café with fresh home baking**
- **Accessible sensory garden and patio areas**
- **Therapeutic bathrooms**
- **Holistic services available upon request**

Daily dining experiences

We know mealtimes are one of life's joys and, at Rosepark, we aim to deliver a delicious dining service with choice, variety and nutrition in mind. Menus are created by our chefs in collaboration with residents to ensure there's the perfect mix of traditional favourites and seasonal delights. All meals are homemade with fresh, natural ingredients, locally sourced where possible. During the summer months, we encourage residents to help maintain our kitchen garden, and we use these home-grown herbs, fruits and vegetables for dinner service.

Rosepark caters for all nutritional needs, allergies and intolerances – working with dietitians on nourishing meal plans for each individual.

Residents have the option to dine in sociable dining areas with other guests or enjoy private in-room dining. Friends and loved ones are always welcome to join residents for dinner and can take advantage of Rosepark's private dining area.

Rosepark Care Home

We would welcome the opportunity to show you around our home and introduce you to our remarkable team. Feel free to pop by whenever suits you or contact us to arrange a tour.

or telephone 01698 816 161.

““I have a nice, calm
and relaxed life here at
Rosepark. I eat, sleep and
socialise when I want, it’s
a great lifestyle for me.”
